

Patient Name	Andrew Foster	Medical Record No.	673539
Date of Birth	25/07/1981 (Age 44)	Medicare No.	4031 05729 7
Address	84 Sydney Ave, Leichhardt NSW 2040	Requesting Clinician	Dr S. Williams
Examination Date	13/08/2026	Facility	Illawarra Coast Hospital
Accession No.	IMG-2026-01896	Report Priority	Routine

EXAMINATION

Imaging Examination

CLINICAL INDICATION

Mr Foster brought to ED via ambulance after high-speed MVA, restrained driver. Presenting with confusion (GCS 13), hypotension, and right-sided chest pain. Trauma series imaging documented right rib fractures 4-7, small pneumothorax, splenic laceration.

TECHNIQUE

Standard imaging protocol used.

COMPARISON

No prior comparable imaging available.

FINDINGS

Findings: CT pan-trauma: right rib fractures 4-7, small right pneumothorax, splenic laceration Grade III, no head injury, no spinal injury. Post-op CT: stable splenectomy bed, no haemoperitoneum.

IMPRESSION

1. Findings as described. Clinical correlation suggested.
